

SEMA AKYAVUZ

Computer Engineer

PROFILE

Rather than limiting myself to a single technical field, I prioritize personal development and strive to enhance my skills across various disciplines to gain a broader perspective. I am proactive, eager to learn, and growth-oriented. I stand out with my decision-making and crisis management abilities in challenging situations. I am collaborative, responsible, and adaptable in team environments. With my strong interpersonal skills and analytical approach to problem-solving, I am confident in my potential to be a successful professional.

EDUCATION

Şanlıurfa TOBB Science High School 2016-2020

Kocaeli University Computer Engineering 2021-2025

EMPLOYMENT

AKSOY ÇÖZÜM / TEKNOPARK

- I assisted in the development and integration of ERP and CRM applications
- I participated in application development processes using C#, contributing to coding and testing phases.
